

Minutes of Library Strategic Planning Committee meeting October 4, 2017

Present: John Oliver (minutes)(chair), Taras Pavlovsky, Larissa Dillon, Killian Graves, Lisa Roe

Strategic Map revision

The committee discussed and considered all stakeholder input collected during the process of map revision. After making some additional revisions, the committee approved a final revised strategic map. The plan is to announce the approval at Library General Staff meeting on Oct. 11. There is still a need to draft some additional recommendations and explanatory notes, etc. to accompany the revised map, so it will not be distributed at the library meeting.
